Jennifer, I checked ECHO for a quick search of NPDES permitting facilitates in the area of interest. I doesn't look like there are any facilities that discharge directly to the Snake river that have temperature limits. Search https://echo.epa.gov/

Here's a snippet of the search I did in the area of interest.

Hi all,

Ex. 5 Attorney Client (AC)

Could you please help me to figure out who (if anyone at all) needs to be notified? And contact information for them?

Many thanks,

JB
